

# European Policy context For EQAVET

**Sophie Weisswange**

Budapest, 31 March – 1 April 2011

# EU 2020

- 5 headlines targets
  - R&D
  - Employment
  - Environment
  - Education and training  
(ESL 10% – HE or equivalent 40%)
  - Social inclusion
- 7 flagships initiatives
  - In the field of E&T: YoM + NSNJ

# Bruges communiqué

- Adopted 7 December 2010
- Roadmap for the next 10 years in VET
- Strategic objectives
- 22 short term-deliverables
- Priorities aligned on the ET 2020 priorities

# Vision on VET in 2020

## In 2020 VET should be more:

- **Attractive:** relevant to the labour market, opening doors to progression routes in E & T, quality assured, with qualified T & T
- **Accessible and flexible:** career-oriented; permeability between subsystems of E&T
- **Inclusive:** also for high potentials & disadvantaged; supported by LLL guidance
- **Supporting internationalisation** of the economy and **transnational mobility**

# 1. Improving quality and efficiency of VET and enhancing its attractiveness, and relevance

IVET  
CVET quality assurance  
Quality of teachers trainers school managers  
Curricula (Key competences, Voc. Skills)

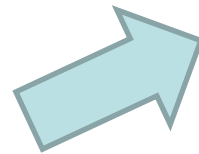

Labour market relevance  
Partnerships  
WBL in IVET  
Apprenticeships

## 2. Making LLL and mobility a reality

Encourage Cies for learning at workplace (framework)flexible training arrangements

Permeability between IVET and CVET, to HE or school education – dialogue / European tools

Increase CVET  
Benchmark 15% adults in 2020

National procedures for **validation** of non-formal and informal learning

**Boost mobility in VET:**  
EU mobility programmes and **European tools (EQF, ECVET, Europass)**

# 3. Enhance creativity, innovation and entrepreneurship

Knowledge partnerships

Use of ICT and new technologies

Starts ups – mobility of young entrepreneurs

# 4. Promoting equity, social cohesion and active citizenship

IVET: Competences  
ESL: below 10% Target

Guidance

Adult education:  
competences – increase  
participation of low-skilled  
adults in CVET

Access to VET

Promote active  
citizenship in VET

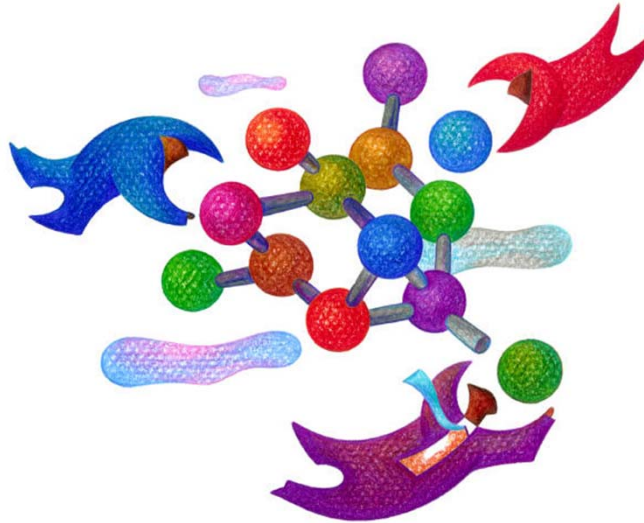

Progressions routes from VET

# 5. Transversal objectives

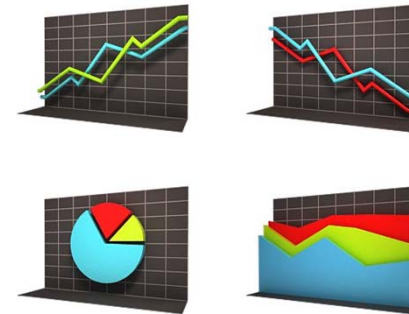

Greater involvement of stakeholders

Coordinated governance

Intensified cooperation between VET policy – other relevant policy areas

Improving quality comparability data

EU support – good use

# EQAVET in Bruges Communiqué

## Strategic objectives for 2011-2020

- MS should establish quality assurance frameworks in accordance with EQAVET recommendation
- MS should - by the end of 2015 – establish at national level a common quality assurance framework for VET providers
  - Which also applies to workplace learning
  - Which is compatible with the EQAVET framework

# EQAVET

## Short-term deliverables for 2011-2014

- Actions at national level
  - Take adequate measures to implement the EQAVET Recommendation and make progress towards national quality assurance frameworks for VET
- Support at EU level
  - Guidance and technical support for EQAVET implementation
  - Review the implementation of EQAVET in 2013
  - Thematic networking of QA projects with LDV programme

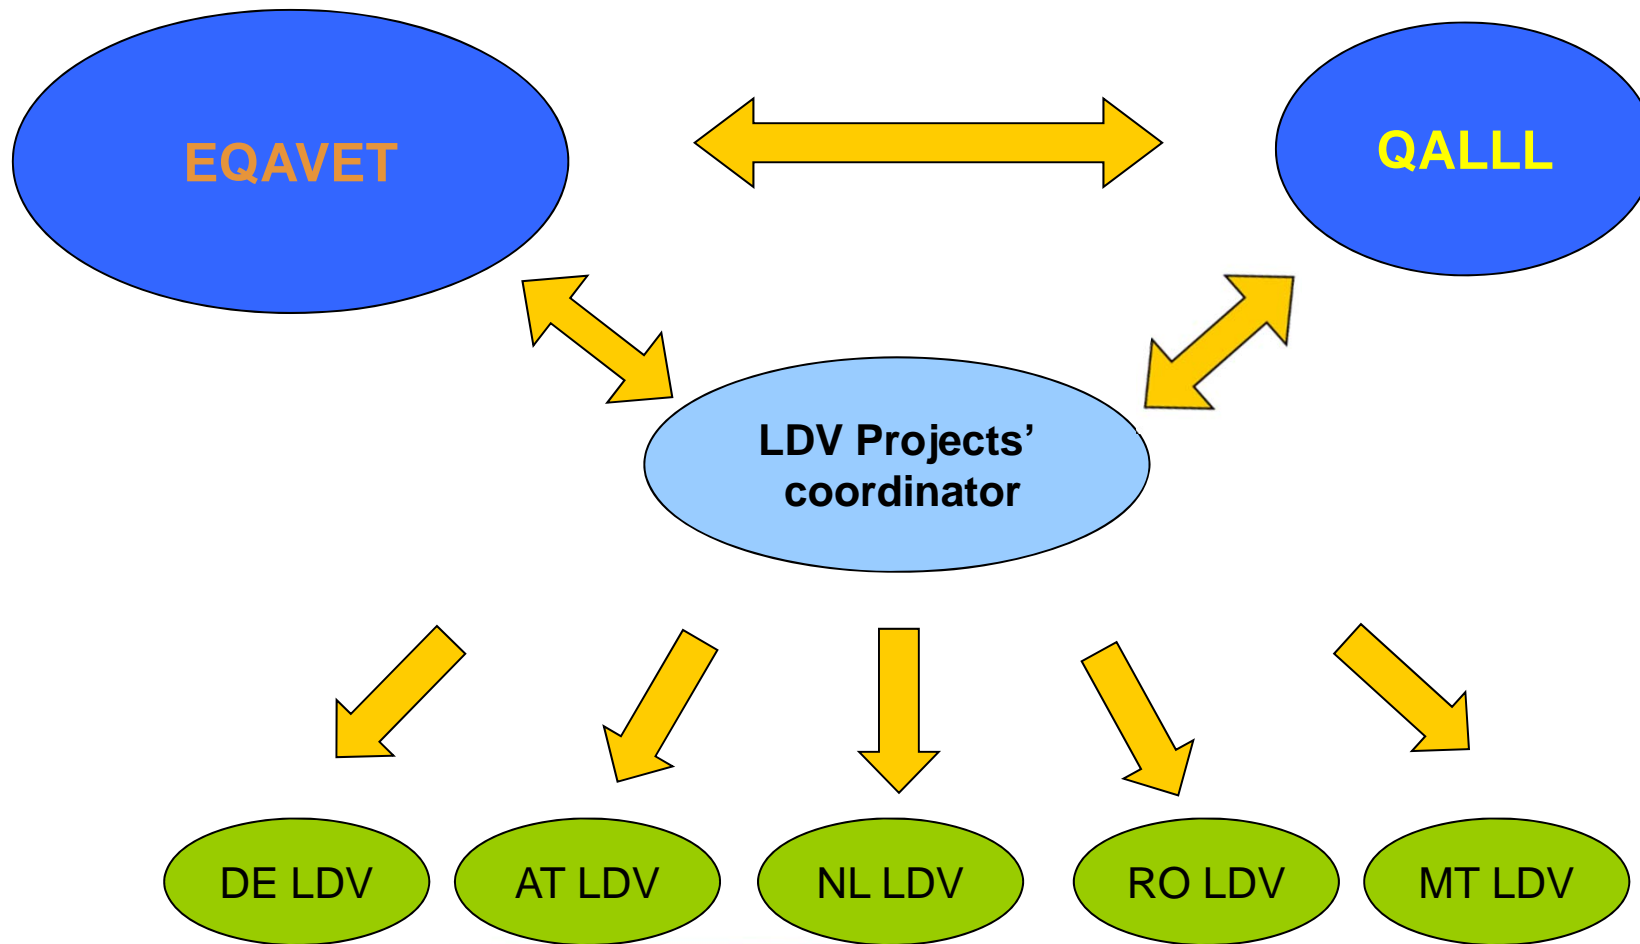

# Support of LLP for EQAVET

- Thematic networking QALLL
- EQAVET specific call for proposals EACEA/09/10
- Call for a coordinator for the projects of EACEA/09/10
- LDV priorities 2010
- LDV priorities 2011
  - For Transfer of innovation projects
  - For development of innovation projects (45)

# State of play – European level
